Alex Trikolos Experience

At Community Broker Network, we make sure we that we listen, and we help our community where we can.

Alex Trikolos, Principal of Trikolos Consulting, suffered from an extremely serious and sudden brain haemorrhage in June this year. Thankfully he is on the road to recovery and in collaboration with CGU and Collingwood, CBN organised an Inner Sanctum experience with the Collingwood Football Club for Collingwood vs Essendon Friday night blockbuster a couple of weeks ago.

As Alex is a passionate Magpies fan, Alex was excited all week during the lead up and on the big night, was joined by his colleague Leanne. It was great to see his spirit lifted after everything he has been through. To top it all off, the Collingwood Magpies won the match, a great result for the team and Alex.

Please see photos of the experience below. A big thankyou once again to CGU and Collingwood for their involvement and we look forward to continuing to support our CBN community.
