Authorise Broker Council changes its names and focus

We are committed to engaging with our network to hear your thoughts and ideas and to ensure we are listening to our whole network, we have revamped our AB Council to become two new AB Forums. One focusing on our youth and innovation and the other looking at how we can better contribute to our communities.

If you would like to be part of the new forums, please nominate before 18 October using [this link](#).

Voting for members will be released after this date.

For more information and the Forum charter, please click [here](#).
