Get your Business Cyber Fit Webinar

Tomorrow we are about to launch our "Get your Business Cyber Fit" webinar.

It is not too late to promote this to your network and get your clients involved.

This free session will empower the audience with the knowledge on key exposures so they can have more informed discussions with you.

We have been concurrently running social media advertisements (Linkedin & Facebook) to a broader audience with the goal of generating new business leads for you.

How can you get involved?

- Export a list of client email addresses from your broking system and share the attached flyer with them. This is a fantastic way to touch base with your client outside of their renewal period. Please contact Kathryn Considine on kathryn.considine@cbnet.com.au if you would like her to arrange guidance on how to do this. Don't forget to add your own details and logo to the [attached flyer](#).
- Share our social media posts on your business and personal social pages.
- Are you involved with a BNI or other networking group? Share this link with your fellow members: <https://register.gotowebinar.com/register/6201796837588261377>
- Got other ideas? Go for it!

If you need formatting support with the flyer, please contact CBN Marketing on marketing@cbnet.com.au

Thanks for getting involved and we look forward to sharing an update with you post webinar
